

Please consider this correspondence as the official report on ICN savings as required by Chapter 8D.10 from the Department of Inspections and Appeals, which includes the Racing and Gaming Commission, the Child Advocacy Board, the Employment Appeal Board and all other divisions of the Department. Section 8D.10 requires that a state agency which is a part of the network "shall annually provide a written report to the general assembly certifying the identified savings associated with the state agency's use of the network." This section and the report are generally intended to cover use of video services and not routine phone services that the department purchases from the ICN.

During state fiscal year 2012, the Department of Inspections and Appeals did not realize any identifiable savings from the utilization of ICN video services.

Please let me know if you need any additional information.

Julie Jones, Chief  
Fiscal Services Bureau  
Department of Inspections and Appeals
